of animal health

# Welcome

## Welcome once again to the 2024 Fitzroy Crossing Bull Sale.

Well, isn't 2024 just flying by and before we know it, it's bull sale time of year again. We must thank our vendors for again showing up with quality bulls to sell at our 2024 sale and allowing our pastoralists the opportunity to benefit from quality genetics right at our back door. It is a big commitment they make to travel from the east to the west of the country and bring the bulls to us and provide us with as much information about their bulls as possible. I know the vendors would welcome the opportunity to discuss sale lots and they will endeavour to help you select a bull that suits your requirements, so I encourage you to reach out prior to the sale and discuss their line up on offer with them.

Moving with the times the sale committee and vendors together have decided to go live on Auctions Plus for the first time this year, so the sale will be live streamed on Auctions Plus and people can bid online. As much as we want you all at the sale on the day we also acknowledge that not everyone can be and the Auctions Plus platform allows those of you unable to attend to have the same opportunity to purchase and not miss out. We must thank Zoe Macfarlan from Auctions Plus for her commitment to be at the sale to assist us, thank you Zoe.

This is the 18th year that the Fitzroy Crossing Bull Sale has been running and for it to continue to run successfully we need to support of our pastoralists as much as we need the support of the vendors. On Behalf of the Fitzroy Crossing Bull Sale Committee, we wish all vendors and buyers a successful sale.

Regards  
Merv Wortley

President - Fitzroy Crossing Bull Sale Committee  
"Ruby Plains Station" Via Halls Creek WA.

**NEW!** Online bidding and livestream via **AuctionsPlus** from Fitzroy Crossing

AuctionsPlus

## **Disclaimer**

The information contained in this catalogue is believed to be correct at the time of going to print. All care has been taken in its preparation, however no responsibility is taken for any inadvertent error or omissions.

## **Inspection**

Bulls will be penned by 7:00am on the day of the sale for inspection or by prior arrangement.

## **Refreshments**

A complimentary Breakfast is provided commencing at 7:30 am on sale day. A luncheon and refreshments will be available for sale on the day.

## **Auction**

All bulls will be sold under the NRS Conditions of Auction Sales. The Auction Price will be GST exclusive.

## Understanding SNP Poll Test Results

Neogen Australasia moved to SNP based DNA testing in September 2017. The move to SNP based testing means that we now have a far more accurate test for Poll in both taurine and indicine cattle.

Previously used Beef CRC based Poll tests would return a result and an accuracy (eg. Homozygous Polled 98%). With SNP based Poll testing multiple genetic markers located close to the Poll gene can be identified. This means we can predict Poll with a lot more accuracy. The specific Poll allele/s found are reported as subscripts (Celtic Pc, Friesian Pf).

When reporting Poll test results from a SNP based test, the results will be reported as seen below:

| Result | Interpretation         | Animal's Appearance                     |
|--------|------------------------|---|
| PcPc   | Homozygous Poll (PP)   | Predominately Polled (occasional scurs) |
| PcPf   |                        |   |
| PfPf   |                        |   |
| HPc    | Heterozygous Poll (PH) | Polled or Scurred                       |
| HPf    |                        |   |
| HH     | Horned (HH)            | Horned                                  |

Mating outcomes (statistically):

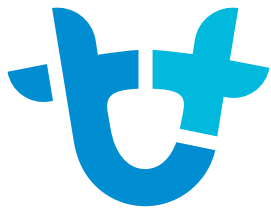

*Pc and Pf are interchangeable for 'P' in the graphic below.*

|  | H  | H  |   |   |    |    |   |    |    |  |  |  |   |   |   |    |    |   |    |    |   |
| H  | HH | HH |   |   |    |    |   |    |    |  |  |  |   |   |   |    |    |   |    |    |   |
| H  | HH | HH |   |   |    |    |   |    |    |  |  |  |   |   |   |    |    |   |    |    |   |

**No Result** - The Poll test uses a number of markers to produce a result. If any of these markers fail testing or the combination of marker results are not able to produce a Poll result, the results will be reported as **NR**.

More information about the Poll Gene Marker Test can be found at

# Vendors Fitzroy Bull Sale 2024

## RED BRAHMANS – 34 BULLS

**Lot 1-20 Barlyne Brahms**  
– **Jim & Johnny Edwards**  
“Barlyne” PO Box 190 Gayndah Qld 4625  
Johnny Mob: 0428572629  
Jim Mob: 0428 353 886  
e: barlyne@activ8.net.au

**Lot 21-29 Muan - Len & Sandra Gibbs**  
“Muan” Po Box 64 Biggenden Qld 4621  
Ph: (07) 4127 1427 Mob: 0427 271 188  
e: muanfeedlot@bigpond.com

**Lot 30-32 Samari Plains Brahms**  
– **Keith & Annabelle Wilson**  
“Samari Plains” Roma Qld 4455  
Ph: 0746 265 418 Annabelle  
Mob: 0487 605 937  
e: samaribrahms@bigpond.com

**Lot 33-34 Sweetland Grazing Company**  
– **Ben & Sally Sweetland**  
“Samari Plains” Roma Qld 4455  
Sally Mob: 0428 265 418  
e: ben.sallysweetland@gmail.com

## GREY BRAHMANS – 31 BULLS

**Lot 35-44 Bar Boot Brahms**  
– **Darren & Jacqui Castle**  
“Eden” M/S 514 Red Tank Road  
Boyneside Qld 4610  
Ph: (07) 4164 4585 Mob: 0419 832 094  
e: Jacqui.c@bigpond.com

**Lot 45-54 Ahern Grey Brahms**  
– **Paul & Melissa Ahern**  
PO Box 162 Gayndah Qld 4625  
Ph: (07) 4161 3188 Mob: 0427 613 188  
e: mapahern2@bigpond.com

**Lot 55-65 Raglan Grey Brahms**  
– **Andrew & Roxanne Olive and Family**  
“Raglan Station” RAGLAN QLD 4697  
Ph: (07) 4934 6542  
e: raglan.brahms@bigpond.com

## DROUGHTMASTERS – 67 BULLS

**Lot 66-87 Valera Vale Droughtmasters**  
– **Michael Flynn**  
“Valera Vale” Charleville Qld 4470  
Ph: (07) 4654 5223 Mob: 0427 705 760  
e: valeravale@bigpond.com

**Lot 88-101 Sevenell & Lynsey Park Droughtmasters**  
– **LR & LJ Philp**  
“Ascot” M/S 360 Bell Qld 4408  
Ph: (07) 4663 1285 / (07) 4663 1275  
e: droughties@sevenell.com

**Lot 102-111 By-Mingo Droughtmasters**  
– **Don & Robyn Robertson**  
11882 Isis Highway, Coalstoun Lakes Qld 4621  
Mob: 0428 199 798 Mob: 0429 171 870  
e: donandrobyn@activ8.net.au

**Lot 112-123 SC Grazing Pty Ltd - Steve & Claire Farmer**  
“Mount Elsa” Yaamba Qld 4704  
Steve Mob: 0428 347 555  
Claire Mob: 0407 169 937  
e: scgrazing@gmail.com

**Lot 124-126 Maunsell Park Droughtmasters**  
– **Chris Turner**  
11882 Isis Highway, Coalstoun Lakes Qld 4621

Barlyne has been focusing on supplying bulls to Western Australia since 1998, we base our breeding objectives and selection criteria on what we believe is required to perform well in the pastoral regions of WA. We concentrate on the need to produce bulls of sound temperament that are going to be able to perform in pastoral conditions. A large proportion of our breeding herd is now polled and we will continue to develop these genetics.

Regards  
Jim & Johnny Edwards  
Gayndah QLD

2023/2024 has seen a good season at Muan with plentiful grass and heavy crops of forage sorghum for silage. Our bulls have benefited from this with the lighter preparation for sales.

Once again Muan is offering a handy line of 18 bulls – 6 Simbrahs, 2 Queenslanders and 9 Red Brahmans. These include both AI and IVF calves by sires such as Rockley Magnar, Palmvale Cornelius, Muan A Sonny and Ticoba Nero.

Our herd base of females is selected each year assessed on fertility, temperament and the ability to rear a calf each year. Selected genetics are introduced to improve this base. The majority of females are polled or scurred leading to a high percentage of polled calves.

**Paddock Sales**  
are available

*Visitors are  
Always Welcome*

# SAMARI BRAHMAN & QUEENSLANDERS

Over 40 years of hard work and dedication has gone into the Brahman and Queensland herd at Samari. Our cattle have stood the test of time. We run the stud herd in conjunction to the commercial herd, always striving to develop and adapt to the market and our clientele without deviating to follow trends.

We look for similar traits in both herds. Having recently gone through the 2019 drought we culled cows that could not tolerate the dry conditions as well as others. It is important for us to have cows that can rear a calf and hold their condition taking drought into consideration. Gradually producing a more efficient herd overall.

The key attributes we desire in our herd is a quiet temperament, fertility, mobility, low birth weights and higher than average growth rates. Tidy underlines and functional udders are extremely important to us. We joined Breedplan in 2019 and began recording traits to supply more accurate data to our clientele.

For many years we have been building the polled trait in our females and utilising polled bulls in our program. Client demand and reducing stress on the animals has been a major driving force.

We run an AI program annually and completed our first IVF program in 2021. We hope to optimise the desirable genetics of the animals involved and benefit on the improvement in their offspring.

We welcome visitors at Samari.

Feel free to contact us with any questions you may have.

# BAR BOOT

# BRAHMANS

**SENSIBLE CATTLE WITH PROVEN GENETICS**

*Castle Livestock*

Bar Boot Brahmans sells bulls at the Fitzroy Crossing Sale each year, continuing our families long association with the Kimberley.

2022 saw our Charbray bull top the Fitzroy sale and the brahman portion to return a great average.

Rockhampton Brahman Week Sale 2022 saw our bulls sell to a top of \$75,000 with a strong overall average.

Continued careful sire selections are producing excellent results in our Poll genetic program, with weaners showing much promise.

A huge thank you to all our buyers of sale and paddock bulls. Enquires and inspections are always welcome.

## Fitzroy Crossing Sale Bulls 2024

AHERN MISS FAITH 1670 (PS)

### WHATS ON OFFER THIS YEAR?

The sires of bulls offered in this year's sale draft include:

- Ahern Bernard 1050/0 (P/S)
- Mr US Polled Evolution 409/5
- Elanora Park Admiral (P/S)
- Ahern Platinum 597
- Ahern Bram 1043/0 (P/S)

This year we are proudly offering 10 bulls to the annual Fitzroy Crossing Bull Sale in August. Please note that all bulls are fully assessed prior to the sale and all property inspections are welcome.

Ahern Brahman is a family owned and operated business located in the North Burnett Region of Queensland.

Established in 1999 our primary aim is breeding high quality grey Brahman that will effectively thrive and reproduce in any given environment.

We focus selecting genetics and bloodlines that mirror growth rate, fertility, bone, temperament, and structural correctness. The introduction of polled genetics

in our herd is a new focal point in our recent operations at Ahern Brahman and that has been reflected in our line up of bulls for the annual Fitzroy Crossing Sale.

Polled genetics from Australia and America have been carefully selected and incorporated into our breeding program which has resulted in wonderful outcomes that will help shape the future of our polled herd.

# Grey Brahms

# RAGLAN BRAHMANS

# A1.

The stud was registered in 1994 to Andrew & Roxanne. When they married in 1985 it united the Beak/Olive family from Marlborough with the Kirk family from Yenda, Gayndah. These two original families began breeding Brahmans in the early 1950's, which gave Raglan Brahmans a knowledge and history of breeding Brahman cattle from strong genetic bloodlines.

With the strength of these genetics and the quality of the cattle joined together from the original studs and the knowledge we have gained over the years from showing cattle, Raglan has fast become a well known identity of its own.

Raglan is an intensive bull producing business, through the use of genetic bloodlines, AI and IVF programmes, we continually strive to produce an animal that meets all market requirements.

We are AQIS accredited with semen and embryos available for overseas programmes.

We market our bulls via a number of auctions, these include Rockhampton Brahman Week, All Breeds Summer Sale, Ponderosa Sale in the N.T. and in Charters Towers the Wilangi and Big Country sales.

Raglan sell both registered and commercial bulls & females to overseas clients from various countries, including semen packages and embryos from our registered Raglan Sires.

We continue to support Northern Australia by bringing our sale team to the Ponderosa sale in Katherine, for the last 30 years.

The majority of the operation's high quality bull sales are to long time valued repeat clients. Raglan bulls are always available for inspection and sale.

We invite you to visit our operation and inspect the raglan herd we are proud of. We hope we can work with you to meet all your breeding requirements.

## DROUGHTMASTERS

Valera Vale is a commercially focused enterprise marketing over 500 no nonsense Droughtmaster bulls annually. Our aim is to breed functional, environmentally adapted cattle that can not only grow fat in the good seasons but survive and reproduce in the all too frequent droughts. We are based on several properties throughout Southern Qld ranging from ticky coastal forest country to Buffel grass pastures and Mulga in arid outback Qld. Our main properties, Valera Vale and Yanna, are located at Charleville in the South West Qld region known as heart break corner for its regular droughts.

Aside from the obvious non-negotiable standards of structural soundness and temperament we focus almost entirely on putting selection pressure on our herd for fertility. We have followed this track for 50 years. Our theory is that only sound adapted cattle can thrive in our environment enough to conceive and rear a calf annually through floods and droughts. We view the hard times as an opportunity to further advance the ability of our herd to drive profitability in yours. The result of our selection process is a higher Brahman content herd with growth rates and reproductive rates well above breed averages and suited to diverse markets and conditions – a combination of *Bos indicus* adaptation with meat quality, poll genetics, reliable temperament, and high fertility. Our cattle are proven suitable for all markets from local trade and MSA to live export.

In addition to being morphology tested our 2023 draft is tested clear of Pompes and Pestivirus diseases, as well as being DNA sire identified, poll gene tested and Brahman blood % analysed. They have been selected for the catalogue on Dam and Sire fertility records and Genetic analysis. Over 80% of the draft are double polled. The Valera Vale herd is one of the herds being used for Genomics research by Prof Ben Hayes and his team from the University of Qld, with the younger breeders being DNA analysed and reproductive performance recorded to identify the gene sequences associated with hard to measure but economically important traits.

# By-Mingo Droughtmasters

By-Mingo Droughtmasters, run by Don & Robyn Robertson, is located just outside Biggenden in the North Burnett.

We started running a commercial Droughtmaster herd in 1991 and registered the By-Mingo Stud in 2003.

Our herd now comprises of around 160 Registered breeders which are managed the same as a commercial operation – no special treatments. Fertility, good udders, and a naturally quiet temperament are paramount.

Cattle are handled with horses & motorbikes and with & without dogs. Weaners are yard weaned and tailed out with horses and then educated to bikes & dogs.

We sell approx. 40 bulls per year with the majority sold straight out of the

paddock. A line of select bulls are also sold at the Bunya Sale in September and at the Roma Sale in October.

After weaning, the bulls are grown on dryland grass pastures up until 12-15 months of age and are then rotationally grazed through a Leucaena/grass pasture system.

They are given a home-made ration in the 2-3 months prior to sale to give them a more polished sale condition. We advocate that our bulls must still have that browse & forage instinct and not to rely on a grain feeder.

Bulls are to be naturally quiet, sound on their feet & legs and display good carcass attributes. Every bull prior to sale is Semen & Morphology tested, Pompes & Pesti tested Negative, Horn/Poll DNA tested and have Full Parental DNA Verification.

Vaccinations included: 7-In-1, 3 Germ Blood, Botulism, Lepto, Vibrio, Pesti & 3 Day Sickness.

We aim to breed cattle that are industry relevant, and over the past 32 years we have successfully targeted several different markets including Jap Ox, EU and 100d Grain fed.

More recently, we have found that supplying yearling animals to the grassfed MSA program to be very effective. Over the past 12 months, we have supplied both steers and heifers to this market and have achieved a 98% MSA compliance.

To further benchmark our progress, this year, we have also registered with BreedPlan and EBV's are available on our bulls.

**We have sold bulls to South Australia, the Northern Territory and been selling into Western Australia since 2006. We first sold at the Fitzroy Sale in 2008.**

**DROUGHTMASTERS**

[www.scdroughtmasters.com.au](http://www.scdroughtmasters.com.au)

**Welcome...**

SC Droughtmasters (formally Comanche) is located one hour North of Rockhampton on the Fitzroy River. Cattle are bred on coastal country with a strong emphasis placed on fertility and genetics with moderate maturity, quite temperament and structurally correct. Females are expected to calve annually, during a four-month joining period and are recorded on Droughtmaster Group Breedplan.

12 bulls will lead this years' sale team, with 11 bulls being polled and 1 scurred.

All bulls have full DNA data showing pompes free, parent verification and are poll gene tested, with EBV data and semen morphology test results.

All cattle are handled with horses, bikes, dogs and children.

For full details please visit our website [www.scdroughtmasters.com.au](http://www.scdroughtmasters.com.au)

We look forward to catching up at this years' 2024 Fitzroy Bull Sale.

## SIRES REPRESENTED

**1 x Clonlara 17200, throws frequently polled, moderate maturing cattle that are easy doing and have a beautiful docile temperament.**

**5 x Mungalla 3410, first of his progeny to go under the hammer. Mungalla has produced a strong polled head, plenty of depth and thickness, clean coats, bone and great length.**

**6 x Kenlogan Thursby, produces a strong polled head, clean coats, depth, thickness, bone and length.**

# MAUNSELL PARK DROUGHTMASTERS

**Maunsell Park Droughtmasters was established in 2008 by Chris Turner and registered with the Droughtmaster Society as Stud Number 1333.**

Alongside a commercial breeding and cattle trading operation, the small stud herd was grown through the purchase of a handful of select females from leading studs.

The breeder herd now currently consists of 120 stud and commercial Droughtmaster breeders running across country in the Coalstoun Lakes area of the North Burnett, and across three lease paddocks in the Gympie Region.

The stud is focused on breeding cattle with quiet temperaments, structural correctness, red meat value all while upholding fertility – females calving every year with good udders; weaning a calf of quality and to go back in calf. Any females who don't meet these criteria are culled out.

Strict sire selection over the years has influenced solid foundations, most notably Billabong Tennessee (Billabong Godfrey) breedingslickcoatedcattlewithquiettemperaments and females with perfect udders; while Glenlands D Quart (Glenlands D Freemantle) providing cattle with natural carcass without compromising on fertility. Both sires were still sound into their teens. Current sires represented in the

Maunsell Park herds are Glenlands D Whomever (Glenlands Pacific), Mungalla 4156 (Lamont Pablo), Carnudge Jed and we are eagerly awaiting the first calves from our 2023 purchase Hamadra Muzz (Calioran Robbie).

We have offered bulls for sale direct out of the paddock, through the Droughtmaster National Sale and February All Breeds Sale in Rockhampton. All enquiries are welcome.

We greatly appreciate the opportunity provided by the sale committee to present 3 quality young sires for your competition and we wish you all the best with your purchases.

# Redline Brangus

## & Ultra Reds

*Redline Brangus is located 180km west of Bundaberg, Central Queensland.*

**At Redline we sell approximately 180 bulls annually.**

This year we are offering 10 Elite Red Brangus Sires at the Fitzroy Crossing on 30th August 2024. These young bulls we have selected for this year's Fitzroy Crossing Sale, we place special emphasis on temperament, growth and over-all type. All sale bulls are assessed for motility and morphology prior to sale. Redline bulls are also DNA, including polled/horned gene and sire verification. They are registered with the Australian Brangus Association with Breedplan data. Scanning results showing EMA, Rib, P8 & IMF will be available on our supplementary sheet. Information, photos and videos of these bulls

will be available on our facebook page and website [www.redlinebrangus.com.au](http://www.redlinebrangus.com.au)

All sale bulls are prepared in a grazing paddock where they have access to silage and are feed a small amount of bull maintenance pellets. Redline provides well covered bulls that are not over done. All bulls are constantly handled with horses, bike and worked through our yards, providing buyers with well mannered bulls that would suit any operation.

Also selling 5 Elite Red Brangus Sires at the Australian Brangus Association Sale at Gracemere Saleyards, Rockhampton on 14th & 15th October, and 4 elite sires at the Monto All-Breed Bull Sale on 14th September

A large percentage of our seed stock is sold directly from the paddock. Like our sale bulls, our paddock bulls are selected on temperament, growth and over-all type. All of our paddock bulls have been DNA profiled, motility and morphology tested, and most of our paddock bulls are registered with the Australian Brangus Association and have Breedplan data.

Property inspection of our seed stock is always welcome.

Kind Regards

**Redline Cattle Company**

# LIVESTOCK AUCTION TERMS AND CONDITIONS OF SALE

## CHAPTER ONE - PRELIMINARY

- (a) A vendor is bound by these terms and conditions by offering livestock for sale by auction.  
(b) An agent (which includes an auctioneer) is bound by these terms and conditions by conducting an auction sale.  
(c) A buyer is bound by these terms and conditions by bidding at auction.
- (a) In these terms the expression auctioneer, agent, buyer and vendor respectively includes the servants, contractors, agents of each of them. The auctioneer, agent, buyer and vendor shall be wholly responsible for the acts and omissions of their respective servants, contractors and agents. The term "auctioneer" includes, so far as the law and context permits, the vendor's agent.  
(b) When used in these terms the expressions "companion animals" means all animals originating from a property on a particular day, where lots are split and sent to multiple establishments, then all of these animals shall be regarded as companions.
- The following applies in interpreting these terms and conditions:  
(a) The following words have the following meanings:  
Fees means all levies, charges, fees, costs and other expenses incurred or relating to these terms and conditions and the sale and purchase of livestock including, without limitation, transaction levies, yard and weigh dues, cartage, advertising and rebates, and whether paid for, or incurred, by the agent;  
Livestock means animals auctioned pursuant to these terms and conditions; and  
Price means the amount at which the lot has been sold to the buyer referred to in clause 7 of these terms and conditions  
(i) plus any Fees and other expenses incurred in relation to the purchase of livestock that are payable by the buyer; and  
(ii) plus any GST added in accordance with clause 12.  
(b) These terms and conditions are subject to legislation or regulation in the State in which the auction is conducted and in the event of any conflict then the legislation or regulation will prevail. The provisions of these terms and conditions are in addition to, and do not derogate from, the duties and rights of vendors, agents and buyers set out in legislation and regulation in the State in which the auction is conducted.

## CHAPTER TWO - STANDARD TERMS OF SALE

- Subject to any reserve price, and to the right, prior to the fall of the hammer, of the vendor to withdraw any lot without declaring the reserve, the highest bidder shall be the buyer.
- The auctioneer has the right to bid on behalf of the vendor provided that right is notified prior to the commencement of the sale and is subject to State law.
- A bid cannot be made or accepted after the fall of the hammer unless, in accordance with clause 8, the auctioneer decides to put the lot up again.
- The last price called by the auctioneer at the fall of the hammer shall be the amount at which the lot has been sold.
- In the event of a disputed bid, the auctioneer is the sole arbitrator of the successful bidder or the auctioneer may decide to put the lot up again. The auctioneer's decision is final.
- The auctioneer may refuse to accept any bid which, in the auctioneer's opinion, is not in the best interests of the vendor and need not give reasons for doing so.
- A bidder shall be deemed to be a principal unless, prior to bidding, the bidder has given to the auctioneer a copy of written authority to bid for or on behalf of another person.
- The successful bidder at a livestock auction sale must give to the auctioneer at the fall of the hammer:  
(a) the purchaser's name; or  
(b) the bid card number which identifies the purchaser; or  
(c) the name of the person on whose behalf the successful bid was made; and  
(d) the Property Identification Code (known as the "PIC") of destination.
- The auction shall be conducted on the basis that the bid price shall be exclusive of Goods and Services Tax (GST). GST shall be added after the fall of the hammer for those sales subject to GST.
- The vendor warrants that the:  
(a) vendor has (or will have) the right to sell the livestock at the time of delivery; and  
(b) buyer will obtain title on completion of the buyer's obligation under these terms and conditions.
- If a buyer does not comply with any of these terms and conditions, which includes the requirements of State law, any livestock knocked down to that buyer may be re-sold by public auction or private contract in whatever lots and manner the auctioneer decides. The re-sale may be with or without notice and shall be at the buyer's risk. The buyer is responsible for all loss and expense arising out of a re-sale and is not entitled to any resulting profit.
- The buyer of livestock must pay the agent the full amount of the purchase price in immediate funds on receipt of a tax invoice. Payment is required prior to delivery unless some other time for payment is specified in a written agreement between the buyer and the auctioneer that was made before the fall of the hammer. If, before delivery, payment has not been made then clauses 20 to 23 apply.
- No person may bid unless, prior to the commencement of the sale, that person has made arrangements satisfactory to the auctioneer for payment for livestock purchased. If bids in breach of this condition are inadvertently accepted, delivery shall not be given until the purchase money is paid and any law, rule or practice to the contrary is accordingly negated as far as possible.
- (a) Cattle sold on a liveweight basis that are weighed pre-sale are at the risk and expense of the buyer upon the fall of the hammer.  
(b) Cattle sold on a liveweight basis that are weighed post-sale are at the risk and expense of the buyer immediately after weighing.  
(c) All livestock other than cattle sold on a liveweight basis are at the risk and expense of the buyer upon the fall of the hammer.
- (a) Subject to this clause the sale is complete on the fall of the hammer.  
(b) The time for rejection is the time commencing at the fall of the hammer and ending at the first of:  
(i) delivery is taken by a representative of the buyer;  
(ii) departure of the animal from the purchaser's delivery pen; or  
(iii) one hour after the last animal is:  
a. in the case of pre-sale weighing, sold; or  
b. in the case of post-sale weighing, weighed.  
(c) During the time for rejection the buyer may reject any animal which is lame, blind or diseased where that condition existed prior to the fall of the hammer but could not be reasonably observed when the animal was in the selling pen.  
(d) If the purchaser rejects an animal during the time for rejection then the sale of that animal is cancelled and the animal is returned to the vendor or sold on such terms as any buyer and the agent may agree, after the agent has disclosed the reason for rejection to that buyer.
- (a) This sub-clause applies only to cattle which are sold in Queensland at auction for slaughter. The agent has responsibility for the prevention of loss or escape (but not death, sickness or injury) of those cattle from the time of the fall of the hammer, through delivery to and from the scales, to the buyer's delivery pen and on to the buyer's nominated transporter. This responsibility ends at the earlier of those cattle boarding the buyer's nominated transport or sunset on the day after the sale. This sub-clause does not apply if the agent makes an announcement to that effect prior to sale.
- (a) Subject to the right of rejection in Clause 18, all conditions and warranties expressed or implied by law are hereby excluded from the sale to the extent that the law allows. All lots are open for inspection prior to the commencement of the sale and are sold with all faults, if any. No compensation shall be given for any faults, imperfections, errors of description, number in or of any lots sold or otherwise.  
(b) Any claim or objection arising out of an error or misdescription in the provision of relevant information in terms of legislation or regulation concerning the National Livestock Identification Scheme (NLIS) must be made by 5:00pm on the seventh day after the fall of the hammer. No objection, requisition or claim against the vendor or agent in respect of such error or misdescription can be made after that time.  
(c) Any statements made by the vendor or the auctioneer whether in writing or orally to the effect that any female has been pregnancy tested or scanned positive shall mean and require only that a certificate in writing shall be

- supplied to the buyer signed by a qualified veterinary surgeon or certified scanner certifying that the said female has been tested or scanned on the date specified in the certificate and that in the opinion of the surgeon or scanner the female was pregnant on that date.
- (d) For cattle, the agent undertakes to make every reasonable effort to ensure that any NLIS cattle device number is transferred from the saleyard account to the purchaser's account on the NLIS database no later than midnight on the day of the sale.  
(e) Where livestock have a food safety or market eligibility status derived from the NVD and/or the NLIS/ERP database, the agent will inform the buyers by pre-sale catalogue in conjunction with vendor branding and/or announce the status prior to the offering of those lots.
  - If delivery is made to, or possession obtained by, the buyer or its representative before full payment of the Price, then until full payment is received, the buyer:  
(a) does not acquire title to the livestock;  
(b) holds the livestock as bailee only for the vendor;  
(c) must act in a fiduciary capacity in its relationship with the vendor;  
(d) must store the stock separately or so that they are readily distinguishable from other livestock owned by the buyer;  
(e) is responsible for the safety and well being of the livestock;  
(f) may make a bona fide sale for market value of any or all of the livestock. As between the buyer and the subsequent buyer, the sale shall be made by the buyer in its own name and not as agent for the vendor, however as between the vendor and buyer, the sale shall be made as bailee and agent for the vendor; and  
(g) must keep and account for the proceeds of any subsequent sale separately from its other money and hold those proceeds, together with the benefits of any rights against subsequent buyers, on trust for the vendor.
  - The buyer agrees that:  
(a) clause 20 creates a registrable security interest under the personal Property Securities Act 2009 (PPSA);  
(b) the buyer acknowledges the rights of the vendor (and/or the agent is clause 23 applies) to register a financing statement under the PPSA with respect to the security interest created by this clause;  
(c) the livestock are collateral for the purpose of the PPSA;  
(d) to the extent permitted, the buyer waives any right the buyer has under the PPSA to receive notices;  
(e) the date upon which the security interest created by this clause comes into force is the first date on which livestock are delivered pursuant to these terms and conditions; and  
(f) if payment is not made in accordance to clause 15, but delivery is made to, or possession obtained by, the buyer or its representative, interest may be charged at the rate usually charged by the agent for overdue accounts on any amounts which remain owing at any time.
  - The buyer may not make any claim against the vendor for actions by the vendor or its agent under clauses 20 or 21 and indemnifies the vendor and its agent against any loss, damage, costs, expenses, penalties, fines or claims suffered by the vendor, the agent or any person or entity arising from the vendor exercising its rights under clauses 20 or 21.
  - Clause 23 applies whenever the agent pays the vendor before being paid by the buyer, which the agent is not bound to do. The agent is then the del credere agent of the vendor at law.
  - The vendor hereby gives notice to the buyer of the assignments referred to in clause 23.3.
  - When this clause applies, in addition to any rights of the agent that arise by operation of the law, the parties agree that, subject to clause 23.6 the agent is subrogated to all rights of the vendor under these terms and conditions against the buyer.
  - Title to the livestock does not pass to the agent or a nominee of the agent unless the agent, by written notice to the vendor, notifies the vendor that it is to be transferred to the agent or a nominee of the agent.
  - The vendor acknowledges that the agent may take enforcement, repossession or other action to recover any livestock for which the buyer has not paid in full, or the Price of such livestock, owing by the buyer under these terms and conditions:  
(a) when this clause does not apply, as agent of the vendor (including by reselling the livestock); and  
(b) when this clause applies, on the agent's own behalf exercising the rights of the vendor by subrogation or assignment under these terms and conditions (whether in the vendor's name or not) and, where title to the livestock has not passed to the agent, by selling the livestock as agent of the vendor without the agent having to account to the vendor for the proceeds of sale.
  - The agent may at any time, assign, transfer, securitise or otherwise dispose of all or any of its rights under these terms and conditions and any debts created pursuant to it (including, without limitation, the rights assigned to it under clause 23.3).
  - The vendor hereby irrevocably appoints the agent as the vendor's attorney to:  
(a) do at any time and in any manner as the agent thinks fit all acts necessary or desirable to perfect or improve the rights and interests afforded, or intended to be afforded, to the agent under these terms and conditions; and  
(b) appoint one or more sub-attorneys to do anything that the agent may do as the vendor's attorney.
  - These terms and conditions do not render the agent liable to the buyer as vendor nor entitle the buyer to set off against the agent any right the buyer may have against the vendor or otherwise.
  - The buyer acknowledges that the provisions of this clause 23 are intended solely for the benefit of the agent (and its assigns) and the vendor. The liabilities and obligations of the buyer will not be in any way affected:  
(a) by this clause 23, other than as it expressly provides; or  
(b) by the failure of the agent or the vendor or either of them to comply with the terms of this clause 23.
  - The buyer must pay all amounts payable to the vendor or the agent under these terms and conditions without any deduction, withholding, set off or counterclaim whatsoever, whether the benefit of a deduction, withholding, set off or counterclaim is alleged to exist in favour of the buyer as against the vendor or the agent in any capacity whatsoever or any other person including any assignor of the vendor's or the buyer's interests under these terms and conditions.
  - (a) The agent agrees that he is liable to pay to the vendor the Price, less such commission as is agreed between the vendor and the agent, and in the absence of any agreement such amount as is reasonable, and less the Fees that are payable by the vendor that were incurred by the agent on behalf of the vendor in relation to the sale of the livestock.  
(b) In the event that the buyer pays the Price or part of it direct to the vendor then the agent has no liability to the vendor for the amount of such payment. Further, if the agent pays the vendor any amount which the buyer also pays direct to the vendor in respect of the same livestock, then the vendor must repay the agent that amount and the agent may debit that amount to an account held in the name of the vendor by the agent.  
(c) Regardless of whether or not a sale has occurred the agent may, but is not under obligation so to do, instead of deducting payments owed to it by the vendor, debit the amount of the commission and fees to an account held in the name of the vendor by the agent.
  - The auctioneer has been retained by the vendor as auctioneer for the purpose of selling the livestock comprised in the lots. The terms of engagement between the auctioneer and the vendor do not extend to the provision of advice by the auctioneer to the vendor in relation to the safety or otherwise of the sale ring, the saleyards and the surrounding environments.  
(b) The vendor, the agent and the buyer agree to comply with their several duties under the Australian Welfare Standards and Guidelines for the Land Transport of Livestock and further to consign, manage, receive, transport and treat livestock in accordance with any other or additional requirements of animal welfare legislation specific to the State or States in which livestock are consigned, managed, received, transported and treated in the course of the auction process.

## CHAPTER THREE - VENDOR WARRANTY FOR CORRECT PRESENTATION AND DECLARATION

- This chapter applies only in the case of livestock and their companion animals sold at auction for slaughter when the buyer is the slaughterer and the livestock are transported direct from the sale yard to the meatworks at which they are

- slaughtered. This chapter does not apply if the buyer is a trader who subsequently resells the livestock to a slaughterer. A slaughterer is any person who pays the AMPC Processor levy.
- The warranty of a vendor is that livestock and their companion animals offered for sale at auction:  
(a) pass DAFF and other regulatory authority requirements and inspections at the time of slaughter; (DAFF refers to Federal Government Department of Agriculture, Fisheries and Forestry);  
(b) are of merchantable quality;  
(c) carry an NLIS device in accordance with State law;  
(d) in the case where a representation has been made in the pre-sale catalogue that the livestock have particular characteristics or are fit for a particular purpose or market, and such representations are based on information in the National Vendor Declaration, the livestock will have those characteristics or will be fit for the particular purpose or market; and  
(e) all information in any National Vendor Declaration provided by the vendor is true, complete and correct in all material respects.
  - In the event of a breach by the vendor of the vendor's warranty and provided such breach is notified by the buyer to the agent by 5:00pm on the 7th day after the fall of the hammer then the buyer is not liable to pay the portion of the Price of such of the vendor's livestock to which the breach applies.
  - However if the breach by the vendor is such that the livestock are not rejected outright but are instead downgraded then the buyer will pay the value of the livestock at their next highest and best use.
  - In the case of a breach by the vendor of the vendor's warranty then the vendor will also be liable to the buyer for any further losses which the buyer might establish but the buyer will take all reasonable steps in co-operation with the agent and vendor to mitigate both the effect of the breach and the amount of any loss.
  - Where a sentinel animal of a lot tests positive for chemical residue, or foreign material contamination and provided such test is certified and notified as required by these vendor warranty terms, then:  
(a) the buyer will be entitled to delay payment for the price of all livestock in that lot; or  
(b) the vendor has the option, at the vendor's cost, of collecting the companion animals and returning them to the vendor's property; or of having the livestock slaughtered in which event the risk of further condemnations will be that of the vendor. Where product integrity is potentially jeopardised, the Processor has the right to refuse slaughter and send the livestock back to the consigning property at the vendor's cost.
  - The auctioneer is liable to the buyer in respect of any breach of the vendor's warranty arising out of:  
(a) any error, by the auctioneer, of transcription of information from the National Vendor Declaration completed by the vendor to the pre-sale catalogue or the buyers post-sale summary;  
(b) any failure by the auctioneer to notify the buyer, prior to bidding, of any breach by the vendor of the warranty of the vendor if the buyer establishes that the agent knew of such breach prior to the sale; and  
(c) any failure by the auctioneer to disclose prior to bidding, and in the pre-sale catalogue, that the vendor has failed to provide a National Vendor Declaration that is complete in all material aspects.

## CHAPTER FOUR - OWNERS RISK FOR CONDITION OF CATTLE

- This chapter applies only in the case of cattle and their companion animals sold at auction for slaughter when the buyer is the slaughterer and the cattle are transported direct from the sale yard to the meatworks at which they are slaughtered. This chapter does not apply if the buyer is a trader who subsequently resells cattle to a slaughterer. A slaughterer is any person who pays the AMPC Processor levy.
- Owners risk reflects the producer's responsibility to provide slaughter cattle for sale that are fit for human consumption. Cattle are fit for human consumption if they are not condemned as unfit by the relevant government department. Owners risk applies if the condemnation is due to a condition in the animal which the buyer establishes, by the certificate issued by the relevant government department, existed prior to the fall of the hammer.
- A buyer with the benefit of owners risk protection is not liable to pay the Price of that animal to the vendor. The buyer remains nevertheless liable for all costs incurred after the fall of the hammer in transport, slaughter, testing and disposal of the animal.
- Owners risk protection is available to the buyer of cattle to which this chapter applies if all of the following are satisfied:  
(a) a certificate is issued by the relevant government department which states the relevant NLIS RFID tag number and PIC, the date of the certificate, the reason for condemnation and that the reason for condemnation existed prior to the fall of the hammer;  
(b) the certificate is received by the selling agent either in its original form or by fax by 5:00pm on the 7th day after the fall of the hammer; and  
(c) if the condemnation is due to chemical residue the certificate follows testing in a laboratory approved by the relevant government department which establishes maximum residue limits in excess of the Australian limit.
- Owners risk does not apply, and the buyer must pay for the cattle, if the reason for condemnation is any of the following:  
(a) bruising,  
(b) fever,  
(c) partial condemnation, or  
(d) emaciation.

## CHAPTER FIVE - NOTICES REQUIRED BY STATE LEGISLATION

- NSW Legislation**  
Property, Stock and Business Agents Act 2002 Warnings  
Penalties for collusive practices. It is an offence against the Property, Stock and Business Agents Act 2002 for a person to do any of the following as a result of a collusive practice, or to induce or attempt to induce another person by a collusive practice to do any of the following:  
(i) to abstain from bidding; or  
(ii) to bid to a limited extent only; or  
(iii) to do any other act that might prevent free and open competition.

Severe penalties may be imposed on persons convicted of collusive practices. The auctioneer has the right to make one bid on behalf of the vendor if the auctioneer clearly and precisely announces that fact prior to the sale.

### Tasmanian Legislation

The auctioneer must not appear to acknowledge a dummy bid. A buyer must not give, agree to give or offer a gift or other consideration to a person for abstaining from bidding and a person must not accept any gift or consideration for abstaining from bidding.

A person must not participate in collusive practices by way of making or receiving an unlawful promise to abstain from bidding, not to bid except to a limited extent or do any other thing which may prevent free and open competition.

### Western Australian Legislation - Auction Sales Act 1973 s31 NOTICE

- It is an offence to:  
(i) induce or attempt to induce another person to abstain from bidding by means of a promise, expressed or implied, that the other person will have the right to elect to take over as buyer or to toss or draw lots to establish who is to become the owner;  
(ii) abstain or agree to abstain from bidding as a result of such a promise;  
(iii) knowingly enter or permit or cause to be entered in the auctioneer's record any name other than that of the actual successful bidder;  
(iv) enter in the auctioneer's record the name of the buyer other than that of the actual successful bidder; or  
(v) in the case of successful bidder supply wrong information as to the name of the buyer to the auctioneer or to any person, firm or corporation on whose behalf the sale is conducted.

The vendor, or any person on behalf of the vendor, or the auctioneer have the right to make no more than three bids.
