

# ABBA Feedlot Trial & CARCASE COMPETITION

2026

The Australian Brahman Breeders' Association (ABBA) are seeking sponsors for the 2026 ABBA Feedlot Trial and Carcase Competition

As an initiative of the association we have decided to expand our annual carcase and feedlot trial and now include a HGP free/ EU pen.

The aim of the Feedlot Trial will be to identify outstanding performance and commercial viability of Brahman Cattle in an effort to combat the current discounting mentality.

With a nominations closing date of 31st March, judging in August and a presentation dinner in September we expect this event will attract the premier Brahman Breeders in the association so don't miss out on the opportunity to be a sponsor of this new and exciting event.

## Gold Sponsor \$2000 - 8 available
