Welcome

Friends, Clients and Fellow Cattle Producers,

On behalf of the **Wilangi Invitation Sale**, we extend a sincere welcome and thank you for your interest in our Annual Bull Sale.

We greatly appreciate the confidence and support that our clients have shown over the years. Your success is the foundation of our business, and we remain committed to breeding cattle that deliver performance, profitability and long term genetic improvement.

This year's draft of bulls represents years of careful breeding decisions, rigorous selection and a strong focus on traits that matter to the stud and commercial beef producers. The bulls presented in this catalogue have been bred to combine structural soundness, fertility, temperament, growth and carcase performance, ensuring they can make a positive contribution to a wide range of production businesses.

We are proud of the quality and consistency of this draft and invite you to inspect the bulls prior to sale. We look forward to discussing your breeding requirements to assist in selecting sires that best suit your operation.

We sincerely thank you for considering our genetics. We value the relationships we have built throughout the industry and look forward to welcoming you on sale day.

We wish all buyers every success with their selections and look forward to working with you in the future.

Yours sincerely,

Rob & Mandy White

INSPECTIONS

We strongly recommend that all prospective Purchasers take the opportunity to attend the Pre-Sale 'Bull Walk' inspection from 2pm on the afternoon before Sale day.

It is a large offering and with the Sale commencing at 9am, this Pre-Sale day inspection in the big yards is the ideal time to assess all Bulls at your leisure.

Vendor representatives will be in attendance at the pens of their Sale lots prior to the commencement of the Sale. Please ask Vendor representatives to accompany you if you wish to enter pens for a closer inspection of any lots.

SALE SUPPLEMENTARY SHEETS

All Stud and Herd Bulls' weight, dentition, carcass scans, scrotal and semen information will be detailed on a supplementary sheet available online at:

HEALTH AND FERTILITY

All Bulls have been vaccinated for Botulism and 7 in 1. All Bulls have undergone Pre-Sale tick treatment to allow immediate Post-Sale clearing dip inspection for entry into Clean Country areas.

Our Sale Supplementary Sheet will detail, for each Vendor, when semen testing, veterinary inspections, carcass scanning, mouthing, weighing etc. was carried out and by whom, and written certification of results will be held by each Vendor and the Sale Agent.

We are pleased to optimise fertility testing certainty as a huge benefit for our valued Buyers and advise that all Bulls in the sale have been semen and morphology tested.

PREMIER SELECT SIRES

Included in the Sale is a selection of Bulls designated as Premier Select Sires. These may be Registered Stud or Commercial Herd Bulls identified with that extra appeal and performance of interest to Studmasters and / or leading commercial herd enterprises.

AUCTION TERMS & CONDITIONS OF SALE

1. (a) A vendor is bound by these terms and conditions by offering livestock for sale by auction.
(b) An agent (which includes an auctioneer) is bound by these terms and conditions by conducting an auction sale.
(c) A buyer is bound by these terms and conditions by bidding at auction.
(d) Competition and Consumer Act (Cth) 2010
It is unlawful for parties that are, or otherwise would be, in competition with each other to make, or give effect to, a contract, arrangement or understanding that contains a provision relating to:
    i. price-fixing; or
    ii. restricting outputs in the production and supply chain; or
    iii. allocating customers, suppliers, or territories; or
    iv. bid-rigging; or
    v. collusive bidding.
Large fines and other sanctions may be imposed for unlawful conduct.

2. (a) In these terms the expression auctioneer, agent, buyer, and vendor respectively include the servants, contractors, and agents of each of them. The auctioneer, agent, buyer, and vendor shall be wholly responsible for the acts and omissions of their respective servants, contractors, and agents. The term "auctioneer" includes, so far as the law and context permits, the vendor's agent.
(b) When used in these terms the expressions "companion animals" means all animals originating from the same property on a particular day. Where lots are split and sent to multiple establishments, then all these animals shall be regarded as companions.

3. The following applies in interpreting these terms and conditions:
(a) The following words have the following meanings: Fees means all levies, charges, fees, costs and other expenses incurred or relating to these terms and conditions and the sale and purchase of livestock including, without limitation, transaction levies, yard and weigh dues, cartage, advertising and rebates, and whether paid for, or incurred, by the agent; Livestock means animals auctioned pursuant to these terms and conditions; and price means the amount at which the lot has been sold to the buyer referred to in clause 7 of these terms and conditions
    (i) plus, any Fees and other expenses incurred in relation to the purchase of livestock that are payable by the buyer; and
    (ii) plus, any GST added in accordance with clause 12.
(b) These terms and conditions are subject to legislation or regulation in the State in which the auction is conducted and in the event of any conflict then the legislation or regulation will prevail. The provisions of these terms and conditions are in addition to, and do not derogate from, the duties and rights of vendors, agents and buyers set out in legislation and regulation in the State in which the auction is conducted.

4. Subject to any reserve price, and to the right, prior to the fall of the hammer, of the vendor to withdraw any lot without declaring the reserve, the highest bidder shall be the buyer. A bid cannot be made or accepted after the fall of the hammer unless, in accordance with clause 8, the auctioneer decides to put the lot up again.

5. Prior to the fall of the hammer the auctioneer shall announce the last bid and receive any further bids. The last price called by the auctioneer at the fall of the hammer shall be the amount at which the lot has been sold.

6. In the event of a disputed bid, the auctioneer is the sole arbitrator of the successful bidder, or the auctioneer may decide to put the lot up again. The auctioneer's decision is final.

7. The auctioneer may refuse to accept any bid which, in the auctioneer's opinion, is not in the best interest of the vendor and need not give reasons for doing so.

8. A bidder shall be deemed to be a principal unless, prior to bidding, the bidder has given to the auctioneer a copy of written authority to bid for or on behalf of another person.

9. The successful bidder at a livestock auction sale must give to the auctioneer at the fall of the hammer:
(a) the purchaser's name; or
(b) the bid card number which identifies the purchaser; or
(c) the name of the person on whose behalf the successful bid was made; and
(d) the Property Identification Code (known as the "PIC") of destination.

10. The auction shall be conducted on the basis that the bid price shall be exclusive of Goods and Services Tax (GST). GST shall be added after the fall of the hammer for those sales subject to GST.

11. The vendor warrants;
(a) That the vendor has (or will have) the right to sell the livestock at the time of delivery; and
(b) That the purchaser will obtain title on completion of the purchaser's obligations under this contract including payment.

12. If a buyer does not comply with any of these terms and conditions, which includes the requirements of State law, any livestock knocked down to that buyer may be re-sold by public auction or private contract in whatever lots and manner the auctioneer decides. The re-sale may be with or without notice and shall be at the buyer's risk. The buyer is responsible for all loss and expense arising out of a re-sale and is not entitled to any resulting profit.

13. The buyer of livestock must pay the agent the full amount of the purchase price in immediate funds on receipt of a tax invoice. Payment is required prior to delivery unless some other time for payment is specified in an agreement between the buyer and the auctioneer that was made before the fall of the hammer. If, before delivery, payment has not been made then clauses 15 to 18 apply.

14. No person may bid unless, prior to the commencement of the sale, that person has made arrangements satisfactory to the auctioneer for payment for livestock purchased. If bids in breach of this condition are inadvertently accepted, delivery shall not be given until the purchase money is paid and any law, rule or practice to the contrary is accordingly negatived as far as possible.
(a) Subject to this clause the sale is complete on the fall of the hammer.
(b) The time for rejection is the time commencing at the fall of the hammer and ending at the first of:
    (i) delivery is taken by a representative of the buyer;
    (ii) departure of the animal from the purchaser's delivery pen; or
    (iii) one hour after the last animal is:
        a. in the case of pre-sale weighing, sold; or
        b. in the case of post-sale weighing, weighed.
(c) During the time for rejection the buyer may reject any animal which is lame, blind, or diseased where that condition existed prior to the fall of the hammer but could not be reasonably observed when the animal was in the selling pen.
(d) If the purchaser rejects an animal during the time for rejection, then the sale of that animal is cancelled and the animal is returned to the vendor or sold on such terms as any buyer and the agent may agree, after the agent has disclosed the reason for rejection to that buyer. Subject to the right of rejection in Clause 18, all conditions and warranties expressed or implied by law are hereby excluded from the sale to the extent that the law allows. All lots are open for inspection prior to the commencement of the sale and are sold with all faults, if any. No compensation shall be given for any faults, imperfections, errors of description, number in or of any lots sold or otherwise.
(e) Any claim or objection arising out of an error or misdescription in the provision of relevant information in terms of legislation or regulation concerning the National Livestock Identification Scheme (NLIS) must be made by 5:00pm on the seventh day after the fall of the hammer. No objection, requisition or claim against the vendor or agent in respect of such error or misdescription can be made after that time.
(f) Any statements made by the vendor or the auctioneer whether in writing or orally to the effect that any female has been pregnancy tested or scanned positive shall mean and require only that a certificate in writing shall be supplied to the buyer signed by a qualified veterinary surgeon or certified scanner certifying that the said female has been tested or scanned on the date specified in the certificate and that in the opinion of the surgeon or scanner was pregnant on that date.

15. The highest bidder shall, subject to clause 25, be the Purchaser provided that the Vendor reserves the right to bid either by himself or through his Agent or Auctioneer and should any dispute arise among the bidders for any lot, during or immediately after the sale of the lot, it shall be settled at the Auctioneers absolute discretion who may, should one of the disputants advance, put the lot or lots up again. The bidding from time to time shall be regulated by the Auctioneer and no bid shall be retracted.

16. The sale will be conducted on a "Sale" or "No Sale" basis whereby the lot for sale shall be knocked down to the highest bidder, but the sale will be subject to the acceptance of the highest bid by the Vendor who will immediately after the fall of the hammer declare "Sale" or "No Sale". Should the Vendors reject the bid of the highest bidder such bidder will have the right of first refusal of the lot at the Vendor's nominated price for one hour after the lot has been passed out of the ring on the Terms and Conditions herein set forth in so far as they shall apply.

17. If delivery is made to, or possession obtained by, the buyer or its representative before full payment of the Price, then until full payment is received, the buyer:
(a) does not acquire title to the livestock;
(b) holds the livestock as bailee only for the vendor;
(c) must act in a fiduciary capacity in its relationship with the vendor;
(d) must store the stock separately or so that they are readily distinguishable from other livestock owned by the buyer;
(e) is responsible for the safety and well-being of the livestock;
(f) may make a bona fide sale for market value of any or all the livestock. As between the buyer and the subsequent buyer, the sale shall be made by the buyer in its own name and not as agent for the vendor, however as between the vendor and buyer, the sale shall be made as bailee and agent for the vendor; and
(g) must keep and account for the proceeds of any subsequent sale separately from its other money and hold those proceeds, together with the benefits of any rights against subsequent buyers, on trust for the vendor.

18. The purchaser agrees that:
(a) Clause 17 creates a registrable security interest under the Personal Property Securities Act (Cth) 2009 (PPSA);
(b) the Purchaser acknowledges the rights of the Seller (and/or the Agent if Clause 17 applies) to register a financing statement under the PPSA with respect to the security interest created by this clause;
(c) the Livestock are collateral for the purposes of the PPSA;
(d) to the extent permitted, the Purchaser waives any right the Purchaser has under the PPSA to receive notices; and
(e) the date upon which the security interest created by this clause comes into force is the first date on which livestock are delivered pursuant to this contract

19. The buyer may not make any claim against the vendor for actions by the vendor or its agent under clauses 17 or 18 and indemnifies the vendor and its agent against any loss, damage, costs, expenses, penalties, fines or claims suffered by the vendor, the agent or any person or entity arising from the vendor exercising its rights under clauses 17 or 18.

20. Clause 19 applies whenever the agent pays the vendor before being paid by the buyer, which the agent is not bound to do. The agent is then the del credere agent of the vendor at law.
    20.1. The vendor hereby gives notice to the buyer of the assignments referred to in clause 20.2.
    20.2. When this clause applies, in addition to any rights of the agent that arise by operation of the law, the parties agree that subject to clause 26.5 the agent is subrogated to all rights of the vendor under these terms and conditions against the buyer.
    20.3. The vendor acknowledges that the agent may take enforcement, repossession, or

other action to recover any livestock for which the buyer has not paid in full, or the Price of such livestock, owing by the buyer under these terms and conditions:
(a) when this clause does not apply, as agent of the vendor (including by reselling the livestock); and
(b) when this clause applies, on the agent's own behalf exercising the rights of the vendor by subrogation or assignment under these terms and conditions (whether in the vendor's name or not) and, where title to the livestock has not passed to the agent, by selling the livestock as agent of the vendor without the agent having to account to the vendor for the proceeds of sale.

20.4. The agent may at any time, assign, transfer, securitise or otherwise dispose of all or any of its rights under these terms and conditions and any debts created pursuant to it (including, without limitation, the rights assigned to it under clause 20.2.).

20.5. The vendor hereby irrevocably appoints the agent as the vendor's attorney to:
(a) do at any time and in any manner as the agent thinks fit all acts necessary or desirable to perfect or improve the rights and interests afforded, or intended to be afforded, to the agent under these terms and conditions; and
(b) appoint one or more sub-attorneys to do anything that the agent may do as the vendor's attorney.

20.6. These terms and conditions do not render the agent liable to the buyer as vendor nor entitle the buyer to set off against the agent any right the buyer may have against the vendor or otherwise.

20.7. The buyer acknowledges that the provisions of this clause 20 are intended solely for the benefit of the agent (and its assigns) and the vendor. The liabilities and obligations of the buyer will not be in any way affected:
(a) by this clause 20 other than as it expressly provides; or
(b) by the failure of the agent or the vendor or either of them to comply with the terms of this clause 20.

20.8. The buyer must pay all amounts payable to the vendor or the agent under these terms and conditions without any deduction, withholding, set off or counterclaim whatsoever, whether the benefit of a deduction, withholding, set off or ounterclaim is alleged to exist in favour of the buyer as against the vendor or the agent in any capacity whatsoever or any other person including any assignor of the vendor's or the buyer's interests under these terms and conditions.

21. (a) The agent agrees that he is liable to pay to the vendor the Price, less such commission as is agreed between the vendor and the agent, and in the absence of any agreement such amount as is reasonable, and less the Fees that are payable by the vendor that were incurred by the agent on behalf of the vendor in relation to the sale of the livestock.
(b) In the event that the buyer pays the Price or part of it direct to the vendor then the agent has no liability to the vendor for the amount of such payment. Further, if the agent pays the vendor any amount which the buyer also pays direct to the vendor in respect of the same livestock, then the vendor must repay the agent that amount, and the agent may debit that amount to an account held in the name of the vendor by the agent.
(c) Regardless of whether or not a sale has occurred the agent may, but is not under obligation so to do, instead of deducting payments owed to it by the vendor, debit the amount of the commission and fees to an account held in the name of the vendor by the agent.

22. (a) The auctioneer has been retained by the vendor as auctioneer for the purpose of selling the livestock comprised in the lots. The terms of engagement between the auctioneer and the vendor do not extend to the provision of advice by the auctioneer to the vendor in relation to the safety or otherwise of the sale ring, the saleyards, and the surrounding environments.
(b) The vendor, the agent and the buyer agree to comply with their several duties under the Australian Animal Welfare Standards and Guidelines for the Land Transport of Livestock and further to consign, manage, receive, transport and handle livestock in accordance with any other or additional requirements of animal welfare legislation specific to the jurisdiction in which livestock are consigned, managed, received, transported and handled in the course of the auction process.

23. (a) Each lot shall be at the risk of the Vendor in respect of any damage or injury, whether by disease, accident or otherwise, or whether caused by the negligence of the Auctioneer for the period that the lot be in the custody of the auctioneer, unless such lots shall have been sold in which latter case such lot shall be at the risk of the Purchaser in all such respects.
(b) If any vendor brings to the sale premises any lot which is dangerous, or infected with any disease, that vendor shall be liable for all injury, damages, costs, losses or expenses which the Auctioneer may sustain, incur or be put to either directly or indirectly as a result of the Vendor so doing. The auctioneer reserves the right, at their absolute discretion, to exclude from the sale, or put out of the sale venue or dispose of, any lot which in its opinion shows signs of any disease, whether infectious, contagious, or not, or of any serious fault or of being dangerous.
The warranty of a vendor is that livestock and their companion animals offered for sale at auction:
(a) pass government and other regulatory authority requirements and inspections at the time of sale;
(b) are of merchantable quality;
(c) carry an NLIS device in accordance with State law;
(d) in the case where a representation has been made in the pre-sale catalogue that the livestock have particular characteristics or are fit for a particular purpose or market, and such representations are based on information in any document, the livestock will have those characteristics or will be fit for the particular purpose or market; and
(e) all information in any document provided by the vendor is true, complete, and correct in all material respects.

24. In the event of a breach by the vendor of the vendor's warranty and provided such breach is notified by the buyer to the agent by 5:00pm on the 7th day after the fall of the hammer then the buyer is not liable to pay the portion of the Price of such of the vendor's livestock to which the breach applies.

25. However, if the breach by the vendor is such that the livestock are not rejected outright but are instead downgraded then the buyer will pay the value of the livestock at their next highest and best use.

26. In the case of a breach by the vendor of the vendor's warranty then the vendor will also be liable to the buyer for any further losses which the buyer might establish but the buyer will take all reasonable steps in co-operation with the agent and vendor to mitigate both the effect of the breach and the amount of any loss.
The auctioneer is liable to the buyer in respect of any breach of the vendor's warranty arising out of:
(a) any error, by the auctioneer, of transcription of information from the NVD completed by the vendor to the pre-sale catalogue or the buyers post-sale summary;
(b) any failure by the auctioneer to notify the buyer, prior to bidding, of any breach by the vendor of the warranty of the vendor if the buyer establishes that the agent knew of such breach prior to the sale; and
(c) any failure by the auctioneer to announce prior to bidding, or disclose in the pre-sale catalogue, that the vendor has failed to provide a NVD that is complete in all material aspects.

27. The auctioneer may, should it think fit, arrange on a purchaser's behalf for the feeding, watering, trucking, shipping of and general attendance to any lot after sale but no responsibility will be accepted by the auctioneer and all such service will be at the Purchaser's risk and expense.

28. Guarantees of Fertility:
(a) BULLS - Save and except for calves at foot, all bulls are guaranteed breeders and to so prove by the later of:
(i) six months after the date of sale or
(ii) the animal reaching the age of 24 months
(b) FEMALES - Save and except for female calves at foot, all females are guaranteed to be in calf or go into calf by the later of:
(i) 6 months of the date of sale
(ii) the animal reaching the age of 30 months
A positive pregnancy test certified by a qualified veterinary surgeon shall be sufficient evidence that the animal is in calf.
(c) Claims under Clauses 28(a) and 28(b). A claim that an animal has failed to satisfy a guarantee of fertility under Clause 28(a) or 28(b) must be
made to the Vendor within the relevant guarantee period but prior to the animal entering a quarantine area other than on the Vendor's property.
(i) All claims must be accompanied by a certificate from a registered veterinarian surgeon in accordance with the guidelines established by the Australian Association of Cattle Veterinarians which must clearly identify the basis of the claim.
(ii) Subject to Clause 28(9), infertility resulting from injury or disease occurring after the sale of the animal is not covered by this guarantee.
(iii) The vendor retains the right to have the animal placed on a property nominated by him or returned to his own property for further assessment of fertility for a period not exceeding six months. If the animal proves fertile within the period such status must be confirmed by a certificate issued by a registered veterinary surgeon in accordance with the guideline established by the Australian Association of Cattle Veterinarians and costs incurred must be borne by the Purchaser. If the animal is not proven fertile within the period, the costs incurred must be borne by the Vendor.
(d) Liability of a vendor - Except for costs defined elsewhere in the conditions of sale, the liability of a vendor in respect of claims relating to fertility shall not exceed the purchase price of the animal(s) or provide mutually agreed upon replacement animal(s).
In the event of a claim being substantiated:
(i) The purchase price shall be fully refunded within 28 days from deemed unsuitable, unless a mutually agreed upon replacement animal has been provided.
(ii) The animal/s which are the subject of the claim, and any stocks of stored semen shall automatically become the property of the Vendor and be returned to him or disposed of according to his instruction at his expense.
(e) Subject to Clause 28(i), this guarantee is of no effect if the animal is returned to the vendor:
(i) In poor physical condition or with any injury;
(ii) Tests conducted on behalf of the Vendor within 14 days of such return proved positive to any diseases which may affect the animal's fertility or ability to breed naturally; or
(f) The purchaser has collected and stored embryos from a female.
(g) In the event of a dispute as to whether a lot is a breeder, such dispute shall be resolved by the vendor and the purchaser. The auctioneer, while they will use their best endeavours to assist, shall have no liability or responsibility in that regard. If an animal is alleged or proved not to be a breeder, the Purchaser must nevertheless pay the auctioneer the full purchase price and any other monies or interest payable by the Purchaser in accordance with these Terms and Conditions.
(h) Evidence of Fertility — A Certificate issued by a registered veterinary surgeon at or before the time of sale than an animal is fertile (unless it is a certificate stating in respect of a female that she is in calf at the time of sale) does not, of itself, satisfy or discharge the Vendor's obligations under the guarantee of fertility given under this Clause 28. All animals, except calves at foot, must prove their fertility within the relevant guarantee period.
(i) Relief from Guarantee — If the vendor seeks to be relieved from the obligations which would otherwise be imposed upon them by this
clause by virtue of Clauses 28(c)(ii) or 28(e)(i), the onus of proof is upon the vendor to establish that:
(i) The animal suffered the injury or disease or is in poor physical condition due to circumstances and events occurring after the sale, and
(ii) The injury, disease of physical condition is the sole cause of the animal's infertility or failure to prove fertility within the guarantee period
(j) Definitions— For the purpose of this Clause 28, the expression "guarantee period" means:
(i) in relation to bulls, the period specified in Clause 28(a) as being the period in which the bull must prove his fertility; and
(ii) in relation to females, the period specified in Clause 28(b) as being the period in which the female must go into calf.
